

ANNUAL MEETINGS & CONFERENCES

FedFleet 2009

Jul. 28 - 30, 2009, Chicago, IL
Annual national meeting of
federal vehicle and aviation fleet
managers.
<http://www.fedfleet.org/>

GovEnergy

Aug. 9 - 12, 2009, Providence, RI
Annual energy training
workshops and exposition for
Federal Agencies.
<http://www.govenergy.com>

National Biodiesel Conference & Expo

Feb. 7 - 10, 2010, Grapevine, TX
A conference and expo for biodiesel
marketers, feedstock growers, fuel
distributors, government leaders
and biodiesel users.
<http://www.biodieselconference.org/2010/conf/info.asp>

National Ethanol Conference

Feb. 15 - 17, 2010, Orlando, FL
A conference with opportunities for
industry interaction, networking and
education on marketing and policy
issues impacting the U.S. ethanol
industry.
<http://www.nationalethanolconference.com/>

Alternative Fuels & Vehicles

National Conference and
Expo May 9 - 12, 2010,
Las Vegas, NV
Organized by the Alternative Fuel
Vehicle Institute.
<http://www.afv2010.com/>

NAFA Institute and Expo

April 24 - 27, 2010
Detroit, MI
Fleet management resources,
products, training, and education.
http://www.nafa.org/Template.cfm?Section=Institute_and_Expo

Federal Fleet Resources

The Federal Energy Management Program (FEMP) Transportation Group provides assistance for the Federal fleet managers to reduce petroleum consumption and increase the use of alternative fuels.

Internet Resources

FEMP's website provides many helpful resources for Federal fleet managers and other personnel regarding compliance, data collection, and fleet guidance.

FEMP's Federal Fleet Resources and Services

Many of the resources below can be found online at FEMP's Fleet Management website:
http://www1.eere.energy.gov/femp/about/fleet_mgmt.html.

Technical Information

Information and points of contact from our knowledgeable staff, ready to answer your questions.

Guidance Documents

To help meet fleet management goals and requirements.

Data Collection and Annual Reports

DOE and GSA provide the Federal Automotive Statistical Tool (FAST), a web-based tracking system. FEMP compiles data from FAST to report status and progress in Annual Reports.
<https://fastweb.inel.gov/>.

Information Links

Internet links to other Federal and private sites with related resources.

Education

FEMP provides outreach through INTERFUEL, Industry Day, and Interagency Task Force meetings.

Legislative Analysis & Guidance

FEMP interprets and provides guidance on existing legislation while also evaluating proposed Federal fleet mandates.

Federal agencies must comply with the Federal Fleet requirements of:

- ♦ Energy Independence and Security Act of 2007
- ♦ Executive Order 13423, January 2007
- ♦ Energy Policy Act of 2005
- ♦ Energy Conservation Reauthorization Act
- ♦ Energy Policy Act of 1992

Website Resources

The following government websites provide a wide range of information and resources to assist Federal fleets in meeting their petroleum reduction, alternative fuel use, and alternative fuel vehicle (AFV) acquisition mandates.

GSA offers a wide range of services for fleet managers including vehicle purchasing and full service fleet leasing. The GSA website contains information on AFVs, safe driving practices, vehicle rates, and fleet services cards. In addition, through GSA Fleet Drive Thru, customers are able to obtain information on their leased vehicles such as: current inventory, fuel use, FAST data, and crash data. For more information from GSA on AFVs and other fleet issues please see <http://www.gsa.gov/afv/>.

The Alternative Fuels and Advanced Vehicles Data Center (AFDC) provides a wide range of information and resources to enable the use of alternative fuels, in addition to other petroleum reduction options such as advanced vehicles, fuel blends, idle reduction, and fuel economy.
<http://www.afdc.energy.gov/afdc/>.

Clean Cities has a network of almost 90 volunteer coalitions, which develop public/private partnerships to promote alternative fuels and advanced vehicles, fuel blends, fuel economy, hybrid vehicles, and idle reduction. Clean Cities coordinators in metropolitan areas throughout the country can help fleets partner with fuel providers and other public and private fleets to develop alternative fuel infrastructure. Visit:
<http://www1.eere.energy.gov/cleancities>.

Locators, Calculators, & Interactive Tools

The AFDC also provides online applications, tools, and resources to assist Federal agencies in managing vehicle fleets, including reducing petroleum and increasing alternative fuel use. Fleets can use the site's Alternative Fueling Station Locator and the TransAtlas interactive map to find fueling sites throughout the country. In addition, fleets can find alternative fuel and advanced vehicle specifications, cost comparisons, and emissions data in the Vehicles section. www.afdc.energy.gov/afdc

Alternative Fueling Station Locator

The Station Locator displays public and private fueling stations, which have been independently verified by the AFDC. This tool searches the fueling station database and maps stations that sell a variety of non-petroleum fuels: www.afdc.energy.gov/afdc/fuels/stations_locator.html

Planning Your Route and Filling Up

Plan your route to take advantage of any and all alternative fueling stations along the way: www.afdc.energy.gov/afdc/stations/find_route.php

Pricing at the Pump

www.e85prices.com and www.altfuelprices.com

TransAtlas - The Transportation Atlas is an interactive map that displays the locations of existing and planned alternative fueling stations, alternative fuel production facilities, AFV density, roads, and political boundaries. Users customize the information displayed simply by checking boxes for each element. Pan and zoom functions customize the display, and a print-ready version of the display can be generated. <http://rpm.nrel.gov/transatlas/launch/>

Petroleum Reduction Planning Tool - This interactive tool helps fleets, consumers, and business owners create a strategy to reduce conventional fuel use in fleet and personal vehicles. Users can evaluate and calculate petroleum reductions achieved from various combinations of petroleum reduction methods. www.afdc.energy.gov/afdc/prep/index.php

Motor Vehicle Management - GSA provides information and resources to assist fleet managers in improving management and enhancing the performance of the motor vehicle fleets operated by federal agencies. www.gsa.gov/HDR_3_Plcys_vehicle/

Develop E85 Infrastructure - Information for fleet managers or fueling station owners interested in installing E85 infrastructure. www.afdc.energy.gov/afdc/ethanol/station_infrastructure.html

Selecting and Buying a Vehicle

Vehicle Locators

AFDC also provides a wealth of information on alternative fuel and advanced vehicles. This website contains detailed descriptions of vehicle types and allows fleet managers to find light- and heavy-duty alternative fuel and advanced vehicles and compare their specifications.

<http://www.afdc.energy.gov/afdc/vehicles/index.html>

Buying GSA Vehicles

<http://www.gsa.gov/vehiclepurchasing/>

Leasing GSA Vehicles

<http://www.gsa.gov/vehicleleasing/>

EPA Green Vehicle Guide

<http://www.epa.gov/greenvehicles/Index.do>

FuelEconomy.gov

This site helps fulfill DOE and EPA's responsibility under the Energy Policy Act (EPA) of 1992 to provide accurate MPG information to consumers. <http://www.fueleconomy.gov/>

Newsletters

Federal Fleet Files

A monthly newsletter highlighting the latest news and developments affecting Federal fleets.

Wheels & Wings Newsletter

A quarterly newsletter from GSA that addresses issues concerning motor vehicle and aircraft management policies.

<http://www.gsa.gov/wheelsandwings/>

Alternative Fuel Price Report

A quarterly newsletter to keep you up to date on the regional average price of alternative fuels in the U.S. in relation to gasoline and diesel prices.

http://www.afdc.energy.gov/afdc/price_report.html

Clean Cities Now

The official quarterly publication of Clean Cities, an initiative of the U.S. Department of Energy's Vehicle Technologies Program.

<http://www.afdc.energy.gov/cleancities/ccn/>

Ethanol Report

Published by the Renewable Fuels Association about issues concerning the ethanol industry.

<http://www.ethanolrfa.org/media/newsletter/>
